

2/27

I would like to thank the officers who escorted Devon to our service on the 18<sup>th</sup>.

I was so thankful for that. It was so good to hug her.

I'm thinking it was a very very unpleasant task for the officers but please don't let it discourage you from doing the same for someone else. As heartbreaking as it was for Devon, she needed to be able to come, and we all needed her to be there.

Thank you,

Freda Sawyer
