

Sheriff

C.O.'s of OCCF,

First I would like to apologize for my behavior while I was at your facility. My actions were childish and unbecoming of the person I am trying to become. I truly want to thank you for your professionalism and control I observed toward me and other inmates, All of you have shown great respect and patience toward me during a downtime in my life. (Except Harrington) J.K. To the Female officers I ask for forgiveness, and truly sorry for my big mouth and stupid ass comments, You deserve an award for your strength and withholding your tongue toward me. Thank you. Although I am thrilled to have met most of you, I wish it would have been on different terms. In addition, Thank you Officer Green for taking time to show genuine concern, and I appreciated the conversation more than you will ever know. It truly was inspiring to me to be treated as a human being rather than a stupid convict, that I so often portrayed. Thank you!
