Devlin dedicated to law enforcement

Otsego County residents very shortly will have a difficult choice to make. We are fortunate to have two very highly qualified individuals running for the office of sheriff of Otsego County. Both have highly skilled experience in the field of law enforcement, which makes for the difficulty in choosing.

I personally would like to recommend to voters that the one choice should be Richard Devlin. I have personally known the Devlin family for more than 20 years; it is a family dedicated toward public law enforcement service. It is not just this experience alone that qualifies him for the position. While off duty, he continues to dedicate himself to the community by volunteering in the fire service, from the emergency squad to serving as chief of the department.

Otsego County needs a person of these traits, experience, maturity, caring, desire and family values to lead the Sheriff's Department in the coming years. Please give Richard Devlin your consideration when you vote.
